\$6,000

Second Mile is in urgent need to replace our food pantry forklift. Will you help?

One day, "Sonia" and "Ron" came home to an empty fridge.

Sonia had just been released from the hospital after a bout with pneumonia. Retired, they were on a fixed income. There was no money to buy food. Second Mile was the first place Sonia and Ron came.

You might not realize how critical a forklift is to help people like Sonia and Ron. Our forklift helps move more than 400,000 pounds of food a year. Moving that volume of heavy food by hand is not an option.

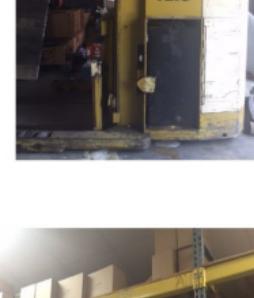

However, Second Mile's forklift is no longer functional.

Without this forklift, we cannot move pallets of food in our warehouse.

Time is critical. For two weeks, ending Tuesday, June 14, we will be raising \$6,000 to purchase a forklift.

Make your donation below.

Second Mile is the only platinum-rated pantry in the 18-county southeast Texas area. We want to be prepared to distribute food when big shipments arrive. We serve a high volume of needy families. We listen to their story and talk with them about taking next steps in their lives.

Thank you for making a donation toward the purchase of a used forklift, so we continue to help people like Sonia and Ron.

Some awesome folks have donated \$6,225.00
